VOLUME FIFTY-SIX

6 BELOW ZERO IS RECORDED IN THIS CITY

COLDEST MORNING OF WINTER AT 6, 7, 8 A. M. WEDNESDAY

The mercury dropped to 6 degrees below zero in Greencastle Wednesday morning for the coldest weather as yet this winter. The temperature remained 6 below at 7 and 8 a. m.

The low mark was a drop of 2 degrees from Tuesday afternoon's maximum which was only 8 above.

Reports of from 6 to 12 below were received at the Daily Banner office during the morning from outlying sections of the city and county.

Some slight moderation in the temperatures was indicated today by the state weather forecast which predicted that the mercury would rise in the extreme northwest portion of Indiana during the afternoon.

GOP CONVENTION IN STATE ON JUNE 8

INDIANAPOLIS, Jan. 28 (UP)—H. Clark Springer, chairman of the Indiana Republican committee, today said June 8 had been set as a tentative date for the 1948 state GOP convention. Originally Springer set June 14 as the convention date, but he later found that this would not give the national convention time enough to certify Hoosier delegates. June 4 was tentatively set for then.

Cloverdale Firm Gets Auto Agency

In an announcement made today, Smith Auto Sales at Cloverdale has been appointed Kaiser-Frazer dealer for this vicinity. The dealership is operated by Harold Smith and is located on Main Street in Cloverdale. The firm has a good reputation and operates from a modern building. Facilities are maintained for all types of auto service and parts sales.

This is the first Kaiser-Frazer dealer appointed in Putnam county.

In addition to the automobile dealership, Mr. Smith operates the Smith Farm Machinery concern and does an extensive retail business in farm machinery and related lines.

Harold Smith is well known in and around Cloverdale and takes active interest in civic affairs of the community.

FUNERAL THURSDAY

Mrs. Margaret Randolph, widow of Ray Randolph, died at the home of her daughter, Mrs. Carl Cunningham, 16 W. Logan street, Brazil, Tuesday.

Funeral rites will be held from Miller Funeral Home in Brazil, Thursday at 1:30 p. m. Burial will be in the Fillmore cemetery.

FILES FOR DIVORCE

Mrs. Irene M. Hinote has filed for divorce in the Putnam circuit court from Joseph C. Hinote, charging cruel and inhuman treatment. They were married Dec. 24, 1912 and separated Jan. 24, 1948. Hughes & Hughes are her attorneys.

MASONIC NOTICE

Called meeting Temple Lodge 47 F. & A. M., Jan. 28. M. Degree.

Douglas Alexander, M. M.

20 Years Ago

IN GREENCASTLE

Mrs. Nelson Taulman was guest to the Needlecraft Club. The Tiger Cubs defeated the Greencastle high school net team, 26 to 2.

The local temperature was 11 degrees above zero.

The Elks lodge moved from second floor of the First National Bank building into their home at the corner of Indiana and Poplar streets.

WOOD AVAILABLE AT FOREST HILL CEMETERY

Elmo Sweet, superintendent of Forest Hill cemetery, reported this morning that they have quite a lot of seasoned wood at the cemetery in the tree form. He says they will cut the trees if anyone is interested enough in cutting them up into wood. Anyone needing wood is asked to contact Mr. Sweet at the cemetery.

Credit Members Elect Directors

The annual meeting of the Putnam County Credit Association was held in the Presbyterian church Thursday evening at which time credit conditions for the members and the outlook for the future were discussed at length.

Roscoe Scott, who has served as president of the Association for the year, presided at the meeting. Directors were elected for the ensuing year. They included the Central National Bank, The First-Citizens Bank and Trust Co., the First National Bank of Cloverdale, Ellet's Floral Shop, Cannon's, Horace Link Co., and Scott's Franklin Street Garage. These directors will meet some time in the near future and will elect officers for the ensuing year.

An effort was made in the discussion, to learn what the members thought about how the Association can serve the members in the best manner in the coming year. Several suggestions were made and many of these will be followed during the coming year by the directors and new officers.

Ward Mayhall, treasurer, made his annual report of expenditures and receipts. The Association has been quite active and much good work has been accomplished which will be of much benefit for the membership during the coming times which are expected to be more serious from a credit standpoint than for many years.

Music Features DPU Broadcasts

Two musical programs on Station WIRE this week-end will originate from the campus of DePauw University.

On Saturday at 4 p. m. the Student Radio Guild will present "String Time," with Herman Stroup as violinist and Ron Williams at the piano. Included on the program will be the "Meditation" from Massenet's opera "Thais," the rondo movement from Beethoven's "Sonata No. One in D Major," and Monty's "The Csardas."

The Living Music program, broadcast on Sunday morning at 8:45, will feature the Brahms Hour Trio, made up of DePauw students. Ben Cole will play the piano, Nancy Voiers the violin, and Albert Fiorillo the French horn. The all-Bach program will include the chorale prelude "Sleepers Awake" and the first movement of his "Trio for Piano, Violin, and French Horn."

H. S. Students Hear Grueniger

On Tuesday, January 27, Professor Hans Grueniger of DePauw University spoke to the students of the Greencastle High School, at their convocation, on the post-war condition existing in France and Germany as he saw them in his visit to these countries last summer.

He painted a very grim picture of the destruction, squalor and starvation existing in the bombed areas.

He told the students that the average American did not appreciate the comfort and plenty which he has in democratic America. He closed by asking the students to write encouraging letters to the youth in these countries and to send them old clothing or food which they so badly need.

Professor Grueniger was welcomed heartily by the students because he is a warm friend of many of these high school youth.

SOME RELIEF PROMISED IN COLD WAVE

WARM AIR IS MOVING SOUTHEASTWARD OUT OF CANADA

By United Press
Warmer weather rolled across the Midwest today and the Weather Bureau said it meant a "definite break" in the sub-zero cold wave which has gripped the nation for the past 14 days.

The mass of warm air moving southeastward out of Canada was the first break in the crazy-quilt pattern of weather which saw an Alaskan heat wave, freezing weather in the gulf states, heavy snowfalls on the east coast and a prolonged drought in California.

L. L. Means, forecaster at the Chicago Weather Bureau, said the warm air would spread over most of the northern portion of the nation but pointed out that it was merely a relief from the sub-normal lows of the past two weeks.

The coldest spot in the nation early today was Fraser, Colo., where the mercury plunged to 36 degrees below zero at 1 a. m. (MST). Denver reported 20 below, the coldest day since Feb. 5, 1936. The temperature at Atlantic, Ia., also was 20 below.

In New Mexico Gov. Thomas J. Mabry ordered the state capitol building be closed today to conserve fuel and in several New Mexico cities schools will be closed because of the gas shortage.

Temperatures were expected to range from 10 to 20 degrees above zero in Minnesota and the Dakotas, the first states to be affected by the warm front. The mercury will climb back to normal over the entire country by Saturday, the Chicago weather forecaster said.

While the cold wave began loosening its grip on the eastern half of the nation, California suffered dust storms, a cold snap and the worst state-wide drought threatened the state with water and power shortages and severe damage to its multimillion dollar citrus crop.

There were no prospects for rain in the state despite prayers offered in several churches and the incantation of Indian tribal rain-makers.

The situation was so gloomy that Gov. Earl Warren asked the U. S. navy to be prepared to have inactive naval vessels provide power for coastal cities. Naval officials said, however, that the plan was not feasible.

Temperatures throughout California skidded below freezing in the northern and central portions of the state yesterday.

While the United States was battling the worst cold wave in 12 years, Alaskans from as far north as Fairbanks were enjoying unusually mild weather. The Fairbanks temperature rose to 34 degrees yesterday. One year ago the city suffered its coldest Jan. 27 on record with the temperature dropping to 46 degrees below zero.

Old timers who went to Alaska during the gold rush in 1898 said this has been the warmest winter on record in the Fairbanks area.

Meanwhile, the bitter cold in the United States made deep inroads on remaining fuel supplies and disrupted industrial production. Thousands of workers were idle in five states and at least 200,000 more expected to be laid off in the Detroit area tonight.

Many schools, including some as far south as Alabama, were closed today and thousands of families, caught with no means of heating their homes, moved in with friends or relatives.

Industrial shutdowns or production curtailments were reported in West Virginia, Pennsylvania, New York, Ohio and Indiana. In the Detroit automotive center, 200,000 workers returned to work yesterday after a two-day layoff, but they faced another idle period tomorrow when the Michigan Consolidated Gas Company asked for a volunteer fuel curtailment by industrial users.

The company asked industrial plants to stop using gas from tonight until next Tuesday morning.

BLAMES IT ALL ON CAT

BOOKED on suspicion of drunk driving, Film Actor Allen Jenkins blamed his plight on his pet cat, Smiley. Jenkins, shown in a Los Angeles jail, said, "I just went along for the ride. Smiley was doing the driving." (International)

Further Cut In Oil Heat Seen

WASHINGTON, Jan. 28 (UP)—Homeowners who use oil heat faced the prospect today of reducing their oil consumption even more than the requested 15 per cent if the severe cold spell continues.

Sen. Charles W. Tobey, R., N. H., chairman of a Senate Commerce subcommittee on oil, said industry sources have advised his group that the cutback urged by Interior Secretary J. A. Krug may not be enough.

Tobey said the prolonged cold wave over many sections of the country has imposed a heavy drain on heating oil supplies which already were scarce.

The New Hampshire senator said industry representatives told his subcommittee at a closed meeting yesterday that gasoline shortage is in prospect for this spring and may continue through the summer months. Next winter, he said, promises to "be a tough one" for householders who burn oil.

Final Arguments In Watts Case

SHELBYVILLE, Ind., Jan. 28 (UP)—Final arguments in the murder trial of Robert A. Watts continued today, as prosecutor attorneys pressed for the death penalty and the defense sought to sow seeds of doubt in the jurors' minds.

Watts was charged with the shotgun killing of Mrs. Mary Lois Burney in her Indianapolis home last November 12. His trial opened here in Shelby circuit court before Judge Harold Bargi on Jan. 12.

Yesterday, the closing arguments opened with Shelby county prosecutor Harold Meloy telling the jurors they "must destroy this man as you would a mad dog or a rattlesnake."

Meloy's statement took one of the three hours allotted to the state. He was followed by William S. Henry, one of the five defense attorneys.

Henry's references to Herschel Burney, husband of the victim, brought an objection from the state. Henry said, "I infer that Burney knew his wife was dead," alluding to his actions just prior to the discovery that Mrs. Burney lay dead in her home.

Judge Barger advised the jury to follow only evidence in the case after the prosecution protested again. Burney was in the courtroom at the time.

FROWNS ON UNION

LONDON, Jan. 28 (UP)—The Communist party newspaper Pravda said today it disapproved formation of a Balkan Customs Union as advocated by Georgi Dimitrov, Communist Prime Minister of Bulgaria.

Russians Not To Talk To Foreigners

MOSCOW, Jan. 28 (UP)—The Soviet government prohibited Russians from talking to foreigners today and designated Foreign Minister V. M. Molotov's foreign office as the sole clearing house for contact with the outside world.

The only exemptions to the blanket decree were the ministry of foreign trade, which may handle foreign contacts with permission of the foreign office, and such working people as clerks, waiters and ticket sellers.

The clerks and waiters, however, were warned they must restrict their conversations with foreigners to the "limits of their usual functions" on penalty of prosecution under the criminal code. Punishment was not specified.

Any Soviet official other than those in the foreign ministry approached personally by a foreign diplomat must not discuss the question asked. Answers must be limited to an explanation that the inquiry must be directed to the ministry of foreign affairs.

The decree was passed Dec. 16 by order of the supreme Soviet to tighten state security. It was published yesterday in the official gazette.

The decree provides that all representations made by foreign nations or individuals, regardless of their nature, must be handled only by the ministry of foreign affairs.

START CRACKDOWN ON ALIEN REDS

WASHINGTON, Jan. 28 (UP)—The Justice Department's Immigration Service has started a sweeping crackdown on alien Communists, it was disclosed today.

Two prominent Communists, Herbert Bittelmann and Claudia Jones, were arrested for deportation earlier this month, and it was understood about 50 more party members will meet the same fate soon. Some officials believed as many as 150 may eventually face deportation to their native lands.

JAP FERRY HITS MINE; 235 PERISH

TOKYO, Jan. 28 (UP)—Between 173 and 235 passengers of the wooden Japanese ferry Joo Maru were reported killed or drowned early today when the vessel struck a mine in the Inland Sea and sank in one minute.

The Japanese Merchants Marine set the death toll at 173 but allied headquarters said the toll may have reached 235. Allied officials said only 150 persons were rescued from a total of 335 reported aboard the ferry.

ANTI-AMERICAN TREND GROWS OVER GERMANY

MANY FALSE CHARGES ARE FILED AGAINST YANK SOLDIERS

FRANKFURT, Jan. 28 (UP)—Scheming frauds and other venal Germans have launched a campaign of false accusations against American soldiers, charging them with rape, manslaughter, assault and theft, Army investigators said today.

The Army said many of the charges made against innocent soldiers by Germans desiring revenge or money were "fantastic" but that the practice was being discouraged by sentences of one to three years in prison.

Investigators said the tendency to blame the Americans automatically and unjustly for German woes has always existed, but that recently it has become "much more aggravated."

They interpreted the trend as evidence of a growing anti-American feeling.

As an example, they reported the case of one German girl, who heard a false rumor that the Army was paying 10,000 marks (\$1,000) indemnity in cases where frauds were raped by American soldiers.

The frauds immediately submitted a bill to the military government authorities claiming: "An American soldier raped me three times a week for six months, but he's gone home now."

Army agents said a Frankfurt nurse also joined the campaign. She told officials a tale of assault and overnight kidnapping by two soldiers to excuse her nightlong absence from the hospital. Investigation disclosed she had spent the night with her German boy friend.

Other fantastic claims were made by Germans who hoped to profit from the recent Army policy of paying Germans who were injured by occupation forces in accidents.

Tobey Discusses Eccles Demotion

WASHINGTON, Jan. 28 (UP)—Chairman Charles W. Tobey of the Senate Banking Committee said today the demotion of Marriner S. Eccles from chairman to vice chairman of the Federal Reserve Board was "amazing" and "inconsistent."

The New Hampshire Republican was joined in the protest by two Democratic members of his committee. But a majority of the committee members appeared willing to confirm Thomas B. McCabe of Philadelphia as Eccles' successor.

The fact that McCabe is a Republican virtually assured his confirmation by the Republican controlled senate. President Truman asked Eccles yesterday to step down from the post he has held for 12 years and make way for the Pennsylvania paper manufacturer and banker.

Tobey said the shakeup had "some aspects of incongruity and inconsistency if we can take utterances of the day at par."

He was apparently referring to the President's assurance to Eccles, who has been at odds both with Secretary of Treasury John W. Snyder and the banking fraternity, that the demotion "reflects no lack of complete confidence in you."

Congressional sources interpreted the shift as a victory for Snyder. But the Secretary's aides steadfastly denied that he was gunning for Eccles. They indicated that Snyder, at most, played a passive role by not going to bat for Eccles at the White House.

FAVORS AMNESTY

MANILA, Jan. 28 (UP)—President Manuel Roxas said today he has signed a proclamation granting amnesty to collaborators with the Japanese, which will become effective if it is approved by the Philippine Congress.

BULLETINS

WASHINGTON, Jan. 28.—(INS)—The National Labor Relations Board today announced issuance of an unfair labor practice complaint against the General Motors Corporation.

The complaint was issued in Detroit by Frank H. Bowen, NLRB regional director, on charges filed against the company Jan. 22 by the CIO United Automobile Workers union.

Bowen acted on behalf of NLRB General Counsel Robert N. Denham who is charged with enforcement of the Taft-Hartley law.

The complaint, involving 230,000 GM workers throughout the nation, charges the company with refusal to bargain and interference with and coercion of its employees.

A hearing on the complaint will be held in Detroit Feb. 10.

WASHINGTON, Jan. 28.—(INS)—House Republicans today boosted the proposed income tax cut to six and one-half billion dollars for this year.

Opponents warned that the GOP legislation would endanger America's solvency and jeopardize national security.

Republican and Democratic members of the tax-writing House Ways and Means Committee expressed sharply divergent views on the Knutson bill in two formal reports to the House.

Debate will open tomorrow on the legislation. House passage is slated for Monday.

WIESEBADEN, Jan. 28 (INS)—United States Air Force officials in Wiesbaden revealed today that a C-47 carrying 12 persons is missing somewhere between Istres, France, and Udine, Italy.

The 12 persons included four crew members, three United States dependents and five children. All the passengers were recent arrivals in the European theater en route to visit their husbands stationed near Udine.

Search planes were scouting the route the missing plane presumably traveled.

SHELBYVILLE, Ind., Jan. 28 (INS)—A jury may decide the fate of Robert A. Watts, accused murderer, before tonight.

Indications at noon were that the case would go to the Shelby (Continued on Page Four)

FELL ASLEEP IN YWCA

TERRE HAUTE, Ind., Jan. 28.—(UP)—Police today hunted a young prowler whose loud snores gave him away last night when he fell asleep under a girl's bed at the YWCA.

The prowler's intended victim, Mary Snodgrass, 22, heard the snoring as she was climbing into bed in her second-story room.

The girl's screams for help woke up the sleepy prowler and he fled down the fire escape.

Authorities found seven pieces of rope which police said the man probably had planned to use to tie the girl. The snoozer also left behind a pair of heavy black overalls.

HAD GOOD REASON

OLEAN, N. Y., Jan. 28 (UP)—K. C. Wilson said today he thought he was the only person in town who didn't complain to the Gas Company about a two-hour gas shutoff in near zero weather. Wilson is the gas company's district manager.

Former Morton Resident Dies

Carl J. Miller, age 60 years, a former resident of Morton, died Tuesday night in the Ball hospital at Muncie.

Mr. Miller and his brother formerly operated a garage at Morton. They were in business there for about 20 years. The family moved to Muncie five years ago.

Surviving are the widow, Mrs. Lida Miller; one son, Carl John Miller, of Muncie; two daughters Mrs. Martha Wright of Morton and Mrs. Eileen Webb of Muncie; two brothers, Leon Miller of Indianapolis and William Miller of Muncie; and one sister, Miss Hilda Miller of Muncie.

Funeral services will probably be held Friday at Muncie.

TAFT-STASSEN BRAWL TO BE BIG GOP FIGHT

RUCKUS IS BUILDING UP INTO REPUBLICAN PARTY FEUD

WASHINGTON, Jan. 28. (UP)—The Taft-Stassen ruckus is building up to a party brawl likely to cauliflower Republican ears and flatten noses before the GOP national convention closes its doors.

It could be almost as bloody as the 1924 Democratic performance when Protestants, Catholics, wets and dries combined to knock themselves out in the names and causes of Al Smith and William G. McAdoo. That was when John W. Davis finally accepted the compromise Democratic nomination less for hope of being elected president than that it would help his law practice.

Now the Republicans are slugging among themselves in the first year in 20 that any of them has had any real hope of winning the White House. Considerable intra-party fighting was to be expected, what with all hands convinced President Truman should not be as hard to beat as the late FDR, whom the GOP couldn't beat at all. But nothing was foreseen like the bone-crushing battle now beginning within the GOP.

Dispatches reported this week that Sen. Robert A. Taft was angered when Harold E. Stassen decided to invade his Ohio doorway seeking delegate support for the Republican presidential nomination. On the best authority now be said that the senator was annoyed rather than angered.

Big Scrap Looms Over Tax Bill

WASHINGTON, Jan. 28. (UP)—Republicans and Democrats rallied their forces today for a bitter party scrap over the Knutson bill to cut personal income taxes about \$6,000,000,000 a year.

House members of both parties scheduled closed meetings for this afternoon to discuss the bill being sponsored by Chairman Harold Knutson, R., Minn., of the tax-writing House Ways and Means Committee.

Knutson's proposal was approved by his committee yesterday on a straight party-line vote of 15 Republicans for and 9 Democrats against. It calls for a \$100 increase in the present \$500 personal exemption, extension of the community property "split income" principle to all states, and a cut in taxes ranging from 10 per cent in the upper income brackets to 30 per cent in the lower.

In addition to the general Democratic and Republican meetings, the House Rules Committee arranged to meet this morning to decide the procedure under which the Knutson bill will be considered on the House floor beginning tomorrow. The final vote will be delayed until Monday.

SCOUT MEETING

Under the sponsorship of Officer James Post 459 V. F. W., the Boy Scouts of Troop 50 met on Monday night at the Post Hall. After the troop meeting, fifteen members present were served a bean dinner. The next scheduled meeting is February 2 at 7:30 p. m.

Looking at Life

Erich Brandeis

It's too bad that my column does not appear in Italy. I'll have to talk in the sales department about it.

Some time ago I reprinted part of a letter from Hazez Achary, of Antioch, Calif.

She told me about the two stray kittens that she had taken in and fed. They were bedraggled miserable little kittens and now they are fat and snug.

And now, that they are fat and snug, they spit at Hazez and raise holy howls if their food isn't there right on time.

"They take it as their right to be fed by us," wrote Hazez. "They expect it for always, I'm thinking."

Well, over in Italy they are highly indignant because we are sending some of our Marines into the Mediterranean.

The Foreign Minister has instructed the Italian Ambassador in Washington "to request clarification from the United States Government of the exact meaning and implication of its decision."

Probably our Government will give the Ambassador a very polite answer assuring him that we mean no harm to Italy.

Beware Coughs from common colds That Hang On

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly silences the cough or you are to have your money back.

CREOMULSION for Coughs, Chest Colds, Bronchitis

BUILD UP RED BLOOD TO GET MORE STRENGTH

If your blood LACKS IRON! You girls and women who suffer so from simple anemia that you're pale, weak, "dragged out"—this may be due to lack of blood-iron. So try Lydia E. Pinkham's TABLETS—one of the best home ways to help build up red blood to get more strength and energy—in such cases. Pinkham's Tablets are one of the greatest blood-iron tonics you can buy! Buy them at any drugstore. Lydia E. Pinkham's TABLETS

There will be a lot of diplomatic backbiting, and consequently all the people in Italy will think we are scared of them.

If I were the United States Government, I would answer the Foreign Minister of Italy as follows:

"It's none of your d--n business why we send our Marines over there."

"You just go ahead eating the food we send you and wearing the clothes thousands of our people have contributed to your nakedness."

"But, above all, stop strutting. Refresh your memory a little."

"You double-crossed us in the last war, and you double-crossed us in the first World War."

Remember, please, that if we weren't such an awful lot of good-natured suckers there wouldn't be any Italy today.

"We helped Italy because we like the Italian people. We have millions of them over here and they'll tell you whether we are warmongers and imperialists."

"Our Italian bankers will tell you, and our Italian restaurant keepers and the thousands and thousands who have found freedom and happiness and fortunes over here."

"We like the Italians over here and you who are still in Italy."

"But we don't like your phony leaders who try to ruin you once again and play you into the hands of the communists."

I hope that we will keep on sending Marines over there—enough to answer not only the Foreign Minister of Italy but every other Foreign Minister who asks impudent questions:

"None of your d--n business."

Sen. J. Howard McGrath
INDIANAPOLIS, Jan. 28—Indiana Democrats are making elaborate preparations for the first official visit to the Hoosier state of U. S. Senator J. Howard McGrath, R. I., newly-elected Democratic National Chairman. Senator McGrath is to be the principal speaker Saturday evening, February 28, at the annual Jefferson-Jackson Day anniversary dinner to be held in the Murat Temple.

OBITUARY
Earl P. Stroebe, fourth son of Oliver R. and Eliza Blackberry Stroebe, was born in Madison township, Putnam county, on March 23, 1874. He was one of eight children born to this family and the last of the five boys to enter eternal rest. As a child he attended the school of the community, helped with the work on the farm, and took his part in the many varied activities of a large family.

On August 17, 1899, he was united in marriage to Myrtle Wachs of Putnamville. To this union one son was born, Ethel Oliver, who is now serving his country as a Colonel in the armed forces in Frankfurt, Germany.

The first years of their married life were spent in farming, but later they moved to Indianapolis and for almost thirty years he was employed by the Presto Life Company. For a number of years he had charge of the shipping department and gave of his best in faithful and untiring service.

He was of a quiet unassuming nature, but always enjoyed meeting his friends. He was a kind and indulgent father and husband, always willing to do a favor for his family and his friends and because of the many kind things which he did, he has left behind many friends.

In the early morning hours of December 26 he was stricken with a cerebral hemorrhage and passed away the following morning at 4:15. His death came as a distinct shock as he had been in his usual health and was at his work the day before Christmas.

Besides the wife and son, he leaves to mourn his departure three grandchildren, Ethel, Earl and Johanna of Frankfurt, Germany, and George William of Williamsport, Virginia, also one great grandson, Robert Bruce Stroebe, and two sisters, Mrs. M. R. Pollock and Mrs. E. R. Bartley, both of Greencastle, and many other relatives and friends.

There is No Death

There is no death. An angel form walks o'er the earth with silent tread.

He bears our best loved ones away, And we call them "dead."

There is no death. The leaves may fall, The flowers may fade and pass away;

They only wait through wintry hours The coming of the May.

And ever near us though unseen, The dear immortal spirits tread.

For all the boundless universe is life—there are no dead.

BLONDIE

YOU GOT HOME EARLY
YOU SAID I COULD STAY OUT UNTIL ELEVEN O'CLOCK, AND IT'S ELEVEN NOW
NO... IT'S JUST TEN FIFTY EIGHT... YOU HAVE TWO MINUTES YET
OH, BOY

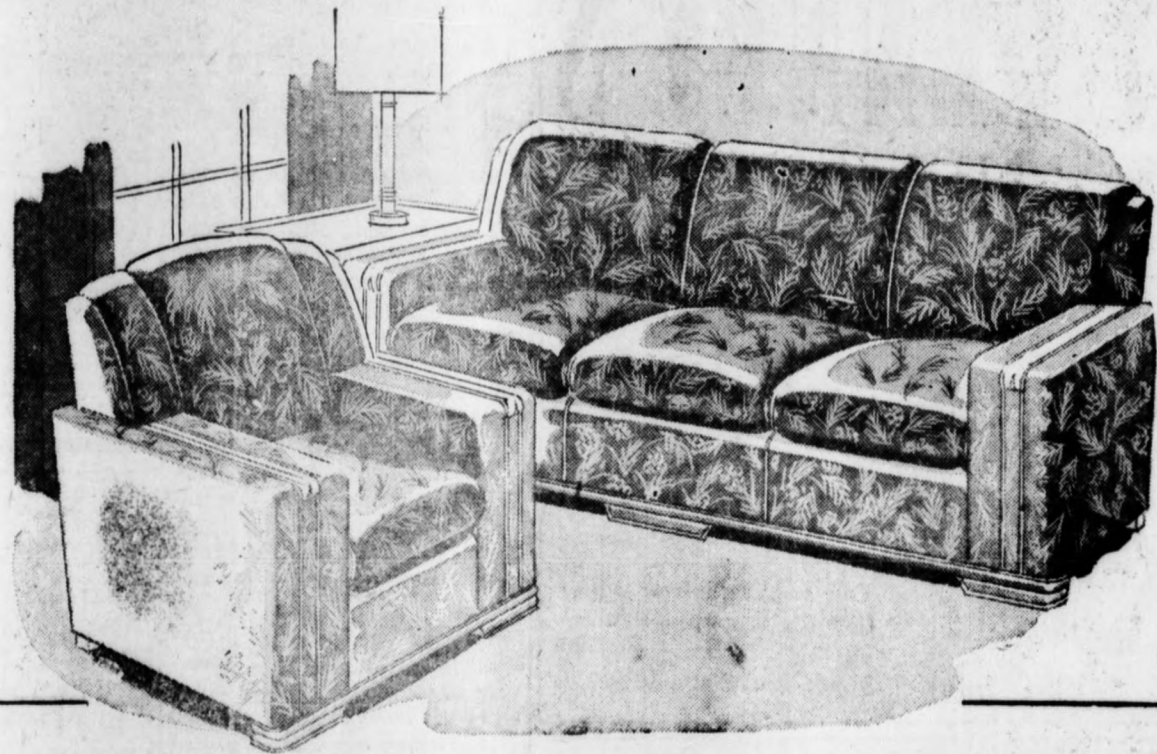

JOHNNY HAZARD

O-HOO! I BEGINT MAKE OUT THE GLIMMER! IF THE RADIO OF THE AIRPLANE IS NOT TOO BAD LUCK, WE FIX HIM AND MAKE A QUICK CALL TO THE GOVERNMENT FOR HELP!
CLOSE ENOUGH, JUAN... ONLY OUR MAJOR PROBLEM IS STALLING LONG ENOUGH TO MAKE THE RADIO OPERATIONAL!
SO I FIGURED WE PLAY LAMPARA'S GAME AND MAKE SOME FAKE PAGES AT PATCHING UP THAT JUNKED PEASHOOTER!
AND ALSO WE CAN MAKE A BIG NOISE ABOUT HOW WE NEED AN AIRSTRIP WHERE THE JUNGLE NOW IS!
THIS PROJECT WILL USE UP A LOT OF MAN POWER AND LEAVE LESS TO GUARD US AS WE WORK OUT THE PLAN, YES?
TERRIFIC! GO SEE THE LAWYER! SHUFFLE UP YOUR PANTS! HERE'S A TIP!

JACKIE HELD IN JUVENILE HOME

JACQUELINE HORNER (left) of Hollywood and her sister, Adele, 21, embrace in juvenile detention home in San Francisco where Jackie was held after being found in hotel with a sailor. (International)

'Dahlia' Suspect

LOS ANGELES police are studying the bold confession from 23-year-old Charles Lynch (above), convicted morals offender, that he had slain Elizabeth Short, the "Black Dahlia," with a surgical knife during a "marijuana spree" last January. (International)

MISSING HOLLYWOOD PRODIGY FOUND WITH SAILOR

JACQUELINE (JACKIE) HORNER, Hollywood's 14-year-old child prodigy, whose disappearance a week ago started a nationwide search, is questioned by Police Inspector Joe Norton after she was found in San Francisco hotel with Wallace Wells (left), 19-year-old sailor. (International)

HOSPITAL NOTES

Mary Louise Fuller, of Greencastle, was admitted Wednesday. Keith Gorman of Greencastle, was admitted Wednesday. Mrs. Catherine Brackney of Bainbridge, was dismissed Wednesday.

REAL ESTATE TRANSFERS

Lucille Cook, et con, to Clyde Gooch, land in Washington twp., \$1.
Mary E. Williams to Walter L. Feld, et ux, land in Greencastle, \$1.

FLOOD BELIES CALIFORNIA'S DISASTROUS DROUGHT

TOUCH OF IRONY in drought-stricken California is this flood at Newport Beach caused by high tide backing up ocean water through storm sewers. (International Soundphoto)

STEAM-POWERED TOWBOAT WINNING MISSISSIPPI RACE

STEAM-POWERED TOWBOAT KOKODA, pushing two of its four barges through the ice-filled Mississippi river near Cape Girardeau, Mo., leads the diesel-powered Helena by 100 miles in 1,051-mile race from New Orleans to St. Louis. Ice conditions are forcing crafts to "double-trip" the mileage, taking two barges upstream then returning for the other two. (International Soundphoto)

MARCH OF TIME, NEW MARSHALL WARREN AID EUROPE NOW OR ELSE!

NOTICE OF FINAL SETTLEMENT OF ESTATE

REACH AGREEMENT

CHICAGO, Jan. 28 (U.P.)—Spokesman for the Motion Picture Industry, which publishes neighborhood newspapers in Chicago, said today the union has reached an agreement with the AFL Chicago Typographical Union.

Leo Lerner, vice-president of the company, said the agreement included wage increases of 10 percent and closed amounts for the year and members of the Chicago Typographical Union, an affiliate of the typographical union.

The unions posted copies of employment and Lerner there will be no signed copies of the printers union.

More than 1,500 members of the printers union have been on strike since Nov. 1947 against Chicago's six major newspapers.

AT THE VONCASTLE

William Prince is featured in "Dead Reckoning" starring Humphrey Bogart at the Voncastle theater.
